YOURS

Yours to keep
site and domain in your name

01 WHERE WE STARTED

What we built it around.

01 Trust is just as important as technology.

From your About page. Option 1 cuts your own sundown flight into six numbered frames across the screen, the drone growing from a speck over the field to overhead, with a call button for each of you.

02 Every acre is treated with care.

Also your About page. Option 2 maps each field boundary point by point, the way you pre-map every field, then fills it with your own photos of the work: filling the drone on the trailer deck, and loading cover crop seed.

03 Elevating your farm through precision aerial application.

Your own homepage line. Option 3 flies your drone footage in over your own beige, with your green wave as the horizon and both of your numbers along the foot.

02 WHAT YOU GET

Pay for the website. Get the whole launch.

02	A launch promo A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.	\$140

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. No WordPress or plugins to keep patching, modern hosting with SSL, and every version saved, so any change can be rolled back.

03 Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.

06 What if the brands I carry change?

Then the site changes with it. Product pages are built to swap, and I'll redo them before launch if your lineup changes.
